Duplicate ballots sent out to four precincts in Arapahoe County

Littleton, Colo –The Clerk and Recorder’s Office is currently aware of at least four precincts in Southeast Aurora where some voters have received duplicate ballots for the upcoming election.

“We just became aware of the problem that some voters received two ballots,” said Clerk and Recorder, Nancy Doty. “We are researching with our vendor Sequoia Voting Systems to determine the extent of the problem.”

The error occurred with the vendor, Sequoia Voting Systems, in printing and mailing the ballots. It has not yet been determined how many duplicate ballots were sent out.

The duplicate ballots mailed to citizens are identical, and citizens are being asked to mail back only one ballot to the Clerk and Recorder’s Office and destroy the duplicate ballot. It is a violation of state law to attempt to vote twice. The Clerk and Recorder’s Office has technology in place to identify and monitor the receipt of duplicate ballots to ensure the same voter cannot vote twice.

It is not necessary to contact the Clerk and Recorder’s Office concerning receipt of duplicate ballots unless you have questions not addressed in the election materials or this informational message.
