Media Advisory

Water tower tank raising rescheduled at the Arapahoe County Fairgrounds

Due to inclement weather conditions today, Arapahoe County postponed raising a 500,000 gallon water tank until tomorrow - Saturday, February 4. The raising of the tank completes construction of a water tower that will serve the new permanent Arapahoe County Fairgrounds. The tower is the first structure to be completed on the 236-acre site, which also will include a 45,000 square-foot events/exhibition center that is scheduled to be completed in July, in time to celebrate the 100th anniversary of the County Fair.

The 100th anniversary Fair celebration is scheduled for July 21 – 26 and will be open to the public. The Fair will include 4-H Club completion events, entertainment, exhibits, food and activities for all ages.

There is a photography / video opportunity for the media tomorrow. Please contact Bob Roby at 303-941-7388 to confirm the tank will be raised, and to ensure the necessary precautions can be made to ensure your safety:

- When:** Saturday, February 4, from 10:30 a.m.
- Where:** Arapahoe County Fairgrounds, 25000 E. Quincy Ave., Aurora
- What:** **Raising of the water tower tank.** Construction crews will raise the tank to complete construction of the new water tower serving the Arapahoe County Fairgrounds. Weather permitting, the tank is expected to be raised by 3 p.m.
