

## Comprehensive Plan Minor Amendment Process

*A request for a minor revision is to be submitted in writing to the Planning Department by a member of the Board of County Commissioner's or Planning staff, or by another member of the public for review and consideration. The Planning Department will then present the proposed minor amendment in a scheduled meeting in order to receive the Planning Commission's decision.*

### **Definitions:**

**Minor Amendments-** Revisions deemed necessary to the document which do not significantly change the intent of the approved goals, policies, or maps shall be considered Minor Amendments.

A **Minor Amendment** would be defined as a correction of a typing error or graphic error, or the clarification or refinement of the text or map.
