Operation Medicine Cabinet

The Arapahoe County Sheriff's Office Community Resource Unit, in partnership with Home Instead Senior Care, Brookdale Senior Living and the Arapahoe Library District will be joining efforts to help keep families safe while caring for the environment, by properly disposing of out dated and unused medication and keeping it out of our landfills and water supplies.

Operation Medicine Cabinet is a community event designed to help seniors and others dispose of expired medications in a safe, eco-friendly manner.

This program helps protect seniors from accidentally using expired medications as well as safeguarding them from the potential for theft of medications from their homes. The abuse of prescription drugs by young adults is on the increase in many communities. Operation Medicine Cabinet will also help reduce the amount of accessible prescription medication available to the youth in our community.

October 17, 2009

9:00 a.m. to 1:00 p.m.

Koelbel Library, 5955 S. Holly St., Centennial
Smoky Hill Library, 5430 S. Biscay Cir., Centennial
