L. NARRATIVE

On March 4, 2008, at approximately noon, deputies responded to the 7300 Block of South Peoria Street, on a report of a building that had collapsed. Upon arrival, unified incident command was established with South Metro Fire Protection District and deputies met with the R/P identified as:

Jeff Tubin

Mr. Tubin told deputies that as large steel girders were being installed as the frame of the future aircraft hangar, several of the steel girders collapsed, damaging the entire structure. The building was in the preliminary stages of construction. There were twenty-four workers constructing the building at the time of the collapse, and all were physically accounted for. No one was injured as a result of the collapse. The monetary loss of the structure is unknown at this time.

The Arapahoe County building inspector was notified and responded to the scene.

For further information please contact Sheriff Grayson Robinson at 720-874-4165.
